

Dear Parents,

Our annual GALA is our most prestigious event; where we celebrate the hard work and effort of our students, staff and families. As we strive to ensure the successes of our students on a individual basis and as a school community, it is our goal to ensure that nothing impedes the students' academic progress. As a school we are now faced with a challenge, the mandated District and State Assessments for all 3rd-8th grades will be occurring during the original date for the GALA event. Keeping our goal of ensuring nothing impedes our students' academic successes, we have altered the original date for the GALA event to Sunday, May 15, 2016. Having the event on this new date will allow all students to focus their undivided attention to their State Assessments.

Please accept our sincere apologies for this date change.
We appreciate all of your support.
