ARRIVAL/DISMISSAL PROCEDURES

You have two options when dropping off or picking up your child.

1. You must drive through the carpool lane, stop momentarily at your child's designated drop-off or pick-up area and allow staff to assist your child in or out of the car. Please do not linger, but drive on, as there will be parents in other cars behind you attempting to drop off or pick up their child. If there is a long line of cars waiting to drop off or pick-up students, please be patient.
2. **At no time is anyone to use their cellular device to take pictures/videos of students or park and leave a car in the drop-off/pick-up lane. Parking a car in the carpool lane will obstruct the flow of traffic and create a potentially dangerous situation. Please understand that parking in the unauthorized areas (including numbered staff parking) is considered a serious offense. When parking in a visitor space, it is strongly encouraged that purses, electronic devices, etc. be taken out of the vehicle when it**

will be unattended. The school or its employees are not held responsible for any stolen items left inside a vehicle. The school is furthermore not responsible for any damage caused to your vehicle while on school property.

3. Handicap spaces are to be reserved and utilized for handicapped drivers that currently have an active decal indicating so. Unauthorized vehicles are not to park in those identified parking spaces.

PATROLS

Our patrols are 5th grade students who are there to assist you and your child in the arrival and dismissal process. The patrols are there to enforce the policies designed by the administration. If

you have a concern with a school policy, please do not discuss it with the patrols. Please take all concerns to the Main Office.

ATTENDANCE

Attendance and punctuality are mandatory. It is an educational fact that attendance and grades are connected. There are no factors more important to successful school progress than regular and punctual school attendance. Students who are excessively tardy or absent from the instructional program will fall behind in academic achievement. Excessive school absenteeism often results in grade failure, loss of interest, and in students withdrawing from school. We expect our students to demonstrate excellent attendance. Please make every effort to have your child attend school on time consistently.

School Attendance: Students are to be counted in attendance only if they are physically present for at least **two** hours of the day or engaged in a school-approved educational activity which constitutes a part of the instructional program for the student.

1. **Students missing three or more consecutive days of school due to illness or injury are required to submit a written statement from a health care provider.**
2. The written statement must include all the days the student has been absent.
3. Failure to provide required documentation within **three** school days upon the return to school **will result in unexcused absences.**
4. Students who have excessive unexcused absences shall be considered truant. **After ten (10) unexcused absences, the student will be issued a referral form that will be placed on the student's permanent record.** Students affected by the Compulsory School Attendance Law may be referred to Children and Family Services for truancy.
5. Any student arriving after 8:30 a.m. will be issued a late pass and marked tardy. **After ten (10) unexcused tardies, the student will be issued a referral form that will be placed in the student's permanent record.** We understand that emergencies may arise. In such cases, we will need a letter signed by a parent/guardian explaining the reason for being tardy.
6. Parents are to contact the office if their child is going to be absent. On the day he/she returns to school, parents must send a handwritten note explaining the reason for their child's absence. A maximum of 10 days per school year will be excused with parent written notes. After 10 days, a referral will be issued, even if a parent written note is provided. Students may not exceed more than 10 unexcused absences per school year. For every ten unexcused absences, the student will receive a referral.
7. Make-up work and homework will only be issued for excused absences. All make-up

assignments must be completed within one school day (per missed day) after returning to school. All assignments must be made-up, or the student will be issued a zero. **It is the parent's responsibility to contact the teacher regarding any missed assignments.**

Excused Absences

- A. Personal illness of the student (medical evidence is required for absences exceeding **three** consecutive days). The written statement must include all days the student has been absent from school. If a student is continually sick and repeatedly absent from school due to a specific medical condition, the student must be under the supervision of a health care provider in order to receive excused absences from school.
- B. Medical Appointment: If a student is absent from school due to a medical appointment a written statement from a health care provider indicating the date and time of the appointment must be submitted to the Main Office.
- C. Death in immediate family.
- D. An approved school activity (absences recorded but not reported).
- E. Observance of a religious holiday or service when it is mandated for all members of a faith that such a holiday or service is observed. The religious holiday must be listed on the district's approved list of religious holidays.
- F. Court ordered appearances (submit documentation).

Tardiness

A student is considered tardy if they are not present promptly at 8:15 or 8:30 a.m., depending on their grade level start time, in their assigned homeroom. NOTE: If a student is not present when attendance is taken, but is present later in the school day, that student must be considered in attendance, but tardy, and the absence should be changed.

Early Sign-outs

No student shall be released within the final thirty (30) minutes of the school day. This is a strict policy from MDCPS.

No student shall be permitted to leave school prior to dismissal at the request of, or in the company of anyone other than a police officer with judicial authority, a court official, or the parents of the student unless the permission of the parent is provided. No parent may have access to the student or may grant permission to allow the student to leave school prior to dismissal if there is a legally binding instrument or court order governing such matters as divorce, separation, or custody which provides to the contrary.

Emergency Contact Card must include those individuals who a parent/legal guardian permits the child to leave school grounds with on any day at any time.

BIRTHDAYS

Parents might want to recognize their child's birthday at school. If you wish to do so, all school birthdays are celebrated once a month on the selected date indicated on the monthly calendar

during the last half hour of the school day. **Only store-bought items** with ingredients listed will be accepted. **NO PEANUTS OR ITEMS CONTAINING NUTS ARE ACCEPTED OR ALLOWED FOR ANY SCHOOL ACTIVITY.**

BOOK BAGS

It is recommended that each student have a book bag to transport his/her books and materials between school and home. No book bags with wheels will be permitted. We encourage parent(s) to check their child's book bag **daily** to ensure necessary school materials, assignments, and communication notes are seen and returned to school. School supplies should be replenished as needed. All book bags are subject to being searched by school personnel if reasonable suspicion is present.

LUNCH BAGS/BOXES

Students who bring lunch bags or boxes from home must bring them upon beginning of the school day. Should your child forget his/her lunchbox drop it off in the Main Office. **Please remember NO peanut items, No fast food/restaurant items and No food delivery services will be accepted.**

COMMUNICATION

Parent to School Communication

A prime factor in our operation is the importance we place upon communication between home and school. The lines of communication must be kept open at all times so that we may be properly tuned into your child's needs.

Please notify the main office immediately if:

1. Your child has developed a communicable disease.
2. Your child will be absent.
3. Your telephone number and/or email address (home and/or work) has changed.
4. You wish to change or add to the emergency contact numbers we are to use.

Parent to Teacher Communication

Conferences with teachers must be arranged by contacting the teacher. Parents are encouraged to monitor Class DOJO daily as school wide and classroom messages will be sent often. The teachers will let you know the date and time of availability for parent-teacher conferences. Parent conferences are not to be held while other families are able to hear information for other students as all student information is private and we respect each of their individual abilities. **Moreover, please do not engage in parent/teacher conferences during arrival or dismissal times as the primary goal for all school staff is to maintain the safety of all students at all times.**

Always attempt to resolve issues/conflicts with the teacher(s) before communicating to the administration. Most issues can be resolved when you have open and honest communication with your child's teacher.

Order of contact to resolve an issue is:

Teacher → Assistant Principal → Principal

School to Parent Communication

1. <https://BridgePrepVillageGreen.com>
2. www.dadeschools.net, is the Miami-Dade County Public Schools website in which you can view your child's grades.

Your child is our primary concern.

We fully understand the sensitivity to such circumstances, and ensure that student safety and security is our top priority. Once we have ensured student safety, communication will be provided to our school community.

GRADES

Instructional staff uses evaluative devices and techniques as needed to report individual achievement in relation to school goals, acceptance norms, and student potential. Student grades, unsatisfactory work notices, parent reports on state assessment, and/or standardized testing, parent conferences, and adult/student conferences should serve as the primary means of communicating student progress and achievement of the standards for promotion.

A student's academic grade reflects the teacher's most objective assessment of the student's academic achievement. Students have the right to receive a conduct and an effort grade consistent with their overall behavior and effort.

Specific guidelines for grading student performance and for reporting student progress are

provided below and detailed in the *Student Progression Plan*. To view the plan, go to <http://ehandbooks.dadeschools.net/policies/93.pdf>.

Academic Grades

Academic grades are to reflect the student's academic progress. The grade must provide students and parents with a clear indication of each student's academic performance as compared with norms that would be appropriate for the grade or subject.

Plagiarism

Examples of plagiarism and academic dishonesty include but are not limited to the willful giving or receiving of an unauthorized, unfair, dishonest, or unscrupulous advantage in academic work over other students. Consequences for any plagiarism will be applied as required in the MDCPS Student Code of Conduct.

The academic grades of "A," "B," "C," "D," or "F," are not related to the student's effort and conduct grades. Grades in all subjects are to be based on the student's degree of mastery of the instructional objectives and competencies for the subject. The determination of the specific grade a student receives must be based on a teacher's careful consideration of all aspects of each student's performance during a grading period. To obtain access to your student's grades via MDCPS Parent Portal, please visit our main office to obtain parent pin.

Effort Grades

Effort grades are utilized to convey both to students and their parent(s)/guardian(s) the teacher's evaluation of a student's effort as related to the instructional program. These grades are independent of academic and conduct grades. In assigning an effort grade, the teacher must consider the student's potential, study habits, and attitude. Kindergarten students do not receive effort grades.

There are three numerical grades used to reflect effort in grades 1st through 5th:

Grade	Verbal Interpretation	Indicators
1	The student consistently works to the best of his/her ability.	<ul style="list-style-type: none">Completed all tasks.Tried a task again in order to improve the results.Consistently attends to assigned tasks until and generally exerts maximum effort on all tasks.
2	The student's effort is satisfactory.	<ul style="list-style-type: none">All work is approached with an appropriate degree of seriousness.The student usually finishes assignments on time and usually stays on task.The student usually works at a level commensurate with his/her ability.
3	The student shows insufficient effort.	Little attention is paid to completing assignments.

The BridgePrep Academy of Village Green K-5 of Excellence is a school wide plan, which clearly outlines student expectations.

Proper behavior is recognized, and consequences are given for breaking our code. Each parent must take an active role in supporting this plan. We want our children to learn and to be responsible citizens. It is in the children’s best interest that parents and staff work together to ensure a happy, safe, and productive learning experience. The Positive Behavioral Intervention and Support (PBIS) program we implement allows for students who have earned Bulldog Bucks to receive rewards for displaying positive behaviors during school days.

ILLNESS

1. If you suspect that your child is not well, please keep him/her at home, regardless of

his/her desire to come to school. We ask that you do this out of consideration for his/her classmates.

2. If your child has had a fever, his/her temperature should be normal for twenty-four (24) hours before returning to school without the need for fever reducing medication.

Medication Policy

Every attempt must be made by the student's parent and physician to have medications administered at home during non-school hours. When this is not possible, a completed Medication Authorization Form must be provided for **each** medication to be administered during school hours.

No medication may be administered by school personnel unless the parent presents the school with a completed Medication Authorization Form, signed by the physician and parent.

The Medication Authorization Form must be **renewed each school year** and placed in the student's cumulative folder.

Any changes in the type, dosage or frequency of medication administered **will require** a new Medication Authorization Form to be completed.

The Medication Authorization Form must be current. The Medication Authorization Form will be filed in the student's Cumulative Health Record (*HRS-H Form 3041*).

In an emergency situation a Medication Authorization Form can be faxed to the physician and returned by fax to the school. A copy should be made of the form, as fax copies fade. An original must be obtained from the physician and include parent/guardian signatures within 24 hours in order to continue administering the medication.

Administering Medications

Medications will be administered by the school nurse or designee when there exists an illness or disability that requires maintenance-type medication and when failure to take prescribed medication could jeopardize the student's health and when the medication administration schedule cannot be accommodated before or after school.

If the parent/guardian has completed the Medication Authorization Form correctly and has met the requirements of the District, it is the obligation of the school to see that the student is medicated at the appropriate time indicated on the Medication Authorization Form.

Only the parent/guardian should deliver medications and pick up unused medications.

***Guidelines for administering medication will be followed very strictly.**

There are several illnesses that are common occurrences in school-age children.

Children will not be admitted to school and will be sent home if they exhibit any symptoms of illness. Please help us control and minimize the spread of infections to others by providing care for your child when he/she is sick and keeping them at home while doing so.

SAFETY & SECURITY

Our school operates on a security minded approach. There will be a security monitor on our premises from 7:00 a.m. to 6:00 p.m. All visitors entering our building must check in the school office for approval to be in the building. Any person who does not have any business to conduct in the school will not be allowed to remain on the premises.

***Please do not leave your other children unattended in your cars, when picking up or dropping off a BridgePrep Academy of Village Green K-5 student. Also, please do not leave your purse, wallet or other valuables in your car when you come to pick up or drop off your child. The school cannot be responsible for lost, stolen or damaged items.**

Student and employee safety is a primary concern of BridgePrep Academy Schools. Access to our campuses will be limited, monitored and secured at all times that students are present in the building. A school safety plan was created to provide school personnel with the necessary leadership skills and knowledge needed to respond to critical incidents or other related emergencies that may occur in our school communities. All schools have a site-specific plan to address all types of critical incidents. These plans address the individual needs of the school and provide guidelines for devising methods for communicating with the staff, students, parents/guardians, and the media during a critical incident or an emergency. We ask your cooperation in working with school administration teams to adhere arrival/dismissal procedures as well as visitor check-in to ensure student safety.

Lockdown and Partial Lockdown Events- In the event of an emergency, the primary responsibility of all school personnel is to ensure the safety of all students. In the event a school administrator announces a possible threat to students and staff safety exists within the community (partial lockdown), or an imminent threat to students and staff safety exists within the school (full lockdown) students, faculty, and staff will comply with all the procedures outlined in the School Safety Plan and remain on lockdown until a school administrator makes an “All Clear” announcement.

TEXTBOOKS

Students will be issued books at the beginning of each school year. Students must immediately inform teachers about any lost or damaged books so that they can be replaced. Parents will be responsible for the cost of the replacement book. The same rule applies for lost class library books.

We are attempting to keep the learning environment as undisturbed as possible.
